

Evidencing the Impact of Primary PE and Sports Premium Funding – 2019/2020

Schools receive funding to make additional and sustainable improvements to the quality of Physical Education, Physical Activity and Sport they offer. The Primary PE and Sport Premium is utilised to develop or add to current activities already on offer. Whilst building capacity and capability within the school to ensure that improvements made now, will benefit pupils joining the school in future years. It is for the school and headteacher to decide how the funding is spent, since they are best placed to decide how best to use the funding to meet their pupil's needs [source DfE website].

There are 5 key indicators that schools should expect to see improvement across:

- 1) The engagement of all pupils in regular physical activity
- 2) The profile of PE and sport is raised across the school as a tool for whole-school improvement.
- 3) Increased confidence, knowledge and skills of all staff in teaching PE and sport.
- 4) Broader experience of a range of sports and activities offered to all pupils.
- 5) Increased participation in competitive sport.
